

Hello,

It makes us smile when your furry friends join you at our locations however, there are a number of procedures that must be followed. Considering that Kolektif House is a coworking area, we expect your support for the following entry procedures in order to ensure the satisfaction and safety of our furry friends, their owners and all our KoMembers 🙌

🐾 Pets must be on leashes in the lobby of the building and in the elevator areas, until they enter the territories of Kolektif House.

🐾 Pets should be under control from the moment they enter the building and should not be left uncontrolled and free in common areas.

🐾 Kolektif House or building staff do not take responsibility for pets and do not accept requests about pets. Interaction with other pets entering the location should also be under control.

🐾 Pets that make loud noises in Kolektif House or the building, may be asked to leave the building by their owners, according to complaints from other members.

🐾 Pets entering Kolektif House or the building must not cause pollution. Owners are responsible for maintaining hygiene and necessary precautions should be taken by their owners. Your pets should be taken out regularly for their bladder needs. Pets that are not toilet trained will be asked to leave.

🐾 Items such as food, water bowls and leashes should not be left in the common areas of the building outside the Kolektif House area. Within the boundaries of Kolektif House, pet items should be kept in their owners' offices. Pet owners who do not own an office should keep their belongings in a fixed area, in a way that they can use when needed, that does not interfere with other members in the common areas.

🐾 Animals with predatory tendencies are not allowed to enter the locations. Pets with aggressive tendencies must enter our locations on a leash, under the control of their owners, and should not be released within the location.

 Birds can enter in the cage.

 Pets should not be left unattended in areas outside the building.

 Every time Those who enter the building with their pets will be recorded by security guards and/or reception staff according to the emergency communication procedure.

 Pet vaccination cards are a must. An image of the vaccination card can be forwarded to the reception staff.

Best Regards
